

We can now offer an outstanding personal print service where all the disappointments that can accrue are avoided.

This is how it works.

1. E-mail your image first ; preferably 300 dpi.

If you don't know anything about the image parameter mail it up and I will see if I can up-sample it without quality loss or tell you the size you wish is not possible without quality loss. State your size and if you would like a text in the print, where to implement it.

2. I will optimize and correct the file, e-mail you a proof and only then you click the order button.

3. Up to now you have not paid and committed to nothing.

4. If you are satisfied with the outcome then you will place the order on the PRINT SERVICE page of my website.

You will still have a 30 day money back satisfaction guarantee.

This service is unbeatable.

We use the finest Lucia inks during our printing process, allowing our products to be fade-resistant for up to 100 years.

Choose between matte, pearl and glossy professional high quality photographic paper.

The matte paper is 100% cotton-based acid-free museum grade.

The prints will be shipped in a sturdy mailing tube 4 business days after receiving the payment.

At least 2 prints fit into the tube, so you will save on mailing expenses if you order more than one print.

We can print Banners and on all kinds of media like adhesive paper, vinyl, transparent and canvas up to the max. size of 24 inch by 36 feet.

Thanks

Bowron Lake Photography
